Subject: Check in prior to visit to Fort Hall, FMC facility

Hi Jim, I want to touch base with you before I make a site visit out to the FMC facility. Our last meeting got canceled because I had something come up. Then my trip got postponed to the end of September. I am rescheduling some time with you for a quick discussion.

I will be at home tomorrow but thought I could give you a quick call in the afternoon, is this a good time for you? Is 208-378-5691 the best number to reach you at this time?

Jan, if you can make this time that would be great, but your attendance is not critical. Where should I call you? Or do you want to connect us together on a conference call, if you will be in the office?

Thanks
